FEMINISM

THE ADVOCACY OF WOMEN'S RIGHTS ON THE
BASIS OF THE EQUALITY OF THE SEXES

i listen to feminists and all these radical gals—most of them are failures. they've blown it. some of them have been married, but they married some casper milquetoast who asked permission to go to the bathroom. these women just need a man in the house. that's all they need. most of the feminists need a man to tell them what time of day it is and to lead them home. and they blew it and they're mad at all men. feminists hate men. they're sexist. they hate men—that's their problem.

i am proud to be a female and i know that we are strong.
i do not need women parading themselves around in
vagina suits and screaming vulgar terms to represent me.
let's keep it classy ladies.

society doesn't owe us anything. i don't need someone to pay for my female hygiene products to feel empowered. can we work? yes. can we vote? yes. do we have the same rights and opportunities as men? yes. what rights are they [feminists] fighting for? what are they specifically? what don't they have?

women's liberation is just a lot of foolishness. it's men
who are discriminated against. they can't bear children.
and no one is likely to do anything about that.

feminism is doomed to failure because it is based on an attempt to repeal and restructure human nature.

women's marches are a clever progressive divide and conquer strategy that not only turns women against men, but also turns women against each other in the guise of peace and solidarity. it is a brilliant tactic to employ media propaganda to make privileged women feel oppressed and then program them to think that vulgarity, exhibitionism and emasculation is empowering.

feminists are incapable of crafting a coherent argument
using their words. it almost always involves menstrual
blood or some sort of reference to lady parts.

news flash: one reason a woman gets married is to be supported by her husband while caring for her children at home, so long as her husband earns a good income, she doesn't care about the pay gap between them.

it seems to be the fashion nowadays for a girl to behave as much like a man as possible. well, i won't! i'll make the best of being a girl and be as nice a specimen as i can: sweet and modest, a dear, dainty thing with clothes smelling all sweet and violetly, a soft voice, and pretty, womanly ways. since i'm a girl, i prefer to be a real one!

the feminist agenda is not about equal rights for women.
it is about a socialist, anti-family political movement that
encourages women to leave their husbands, kill their
children, practice witchcraft, destroy capitalism, and
become lesbians.
